

LINK-IN SESSIONS

MIPIM launches this year the Link-In sessions, a new event aiming at facilitating connections between professionals showing common interest in key market segments or regions.

Three types of **Link-In sessions** will allow up to ten regional key players or market experts per session to welcome MIPIM delegates interested in their field of activity. This event will permit spontaneous meetings, exchange of best practices and informal networking.

→ **Seize this new MIPIM opportunity, expand your network efficiently!**

Schedule & Target

Six 30-minute networking breaks are scheduled. 10 key players are allocated a counter where they can exchange with the attendees, share their experience of the market and promote their business.

The audience shall be much diversified with investors, developers, operators, business services, etc.
