

MIPIM 2021

SEPTEMBER EDITION

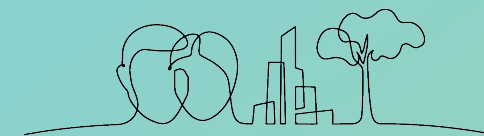

07-08 SEPTEMBER 2021

PALAIS DES FESTIVALS - CANNES, FRANCE

CONFERENCES & EVENTS
PROGRAMME

New world: New era

TIME TO RECONNECT

We are **MIPIM**, guiding and influencing the upcoming **transformations in the urban world, everywhere**. More than a year after the covid crisis, it's now time to discuss together **a new world, a new era**.

MIPIM wants to give the mic to the ones who are « guiding the industry » through ideas, projects and perspectives that will shape the « **next chapter** ».

After several months of virtual exchange, The MIPIM September Edition will offer a **physical experience** enhanced with a **new digital platform**, accessible all year long to the MIPIM community.

We want to offer an opportunity to **see each other 'in-person', to share** with industry leaders and network with peers to achieve business goals and reassess strategy. It's time to reconnect !

The MIPIM September edition will take place on **Sept 07 - 08, online and in-person in Cannes**.

This hybrid edition will allow clients to reconnect through **high-level talks, an exhibition area and in-person networking**.

Learning & networking

2 days content programme to reconnect and rebound through trendy content insights, and matchmaking opportunities.

A phygital experience

Blending physical events in Cannes and digital content accessible through our online platform via livestream and replays.

COVID-19 is an Opportunity to change course. This is a moment that is testing our humanity, a moment to **look a bit further** and to **re-imagine our long-term future**.

We invite our industry to take part of this global response by discussing the triple bottom line of « **People, Planet, Performance** ». Collaborative debates around topics such as people needs, social inclusion, low carbon future, circular economy and sustainable growth will be key during MIPIM.

Our conference programme will also be more inclusive by offering 2 specific formats dedicated to **gender equality** and **young leaders talents**.

Geo focuses on **UK, France, Italy and Germany** will be proposed to address local issues and communities.

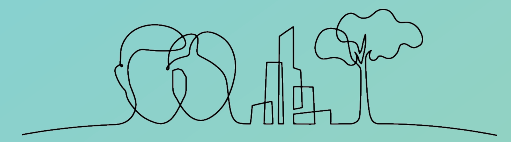

Occupiers and Investors will get the opportunity to discuss confidentially between peers during closed door events.

Asset classes sessions will give you the latest points of view in **residential, hospitality, healthcare and logistics**.

Innovation will be at the center of the event through inspiring talks, case studies and the **MIPIM Start up Competition** that will reveal the most promising startups of the ecosystem.

And of course our traditional social events such as the **Opening cocktail party** and the **MIPIM awards ceremony** will be part of the show !

It's time to reconnect !
Join us.

ITALY: BACK TO BUSINESS

This open to all event – designed for global and local investors, developers, brokers and political leaders among others – will debate the latest trends, opportunities and challenges in the Italian market post Covid-19. Through a keynote address and panel discussion, this session will enable participants to network and debate the below key topics in an informal, friendly and insightful environment.

- Latest investment trends, opportunities and challenges – exploring the fortunes of asset classes, cities and regions post pandemic
- Special focus on housing developments – exploring affordability, quality, speed, volume and MMC
- Update on sustainability/ESG developments in Italy now and in future
- Examining the latest Italian technology innovations
- Diversity achievements so far – How far can we go?

FRANCE: CITIES IN THE POLITICAL AGENDA

Metropolises and the return of small towns, redistribution of public space, heat islands, carbon neutral strategies, mixed areas, security, health and mobility... In only a few years, these topics have become the priorities of many mayors and public leaders. With a series of ongoing elections (at city, county or region level in 2020-2021, or at presidential level in 2022), France is globally reshaping its vision for the city of tomorrow. Several major public leaders will share their own views and political agenda.

INNOVATION

10.30 > 11.15 | Innovation Room - Palais 5

INNOVATION: TECH FOR CHANGE

Innovation is dead, long live innovation!

Innovation has of course been a widely used word in the past few years. But how much are we really seeing real change in the real estate industry or just incremental pointless evolution? French PropTech leads the discussion about innovative project examples in the built environment, the challenges they faced and what the market expects to see in future.

BUILDING THE ECOLOGICAL FUTURE TOGETHER :
Dijon métropole, an open-air lab for the ecological transition

Facing the climate change emergency, territories are taking actions and new alliances are being created to invent a more sustainable and more virtuous model of urbanism and land use.

Dijon métropole has decided to become a field of experiments for innovative local solutions as part of the energy transition to meet the global challenge of climate change. As an open-air lab, it welcomes initiatives that bring together the public and private sectors to build the territory's ecological future together.

Through 5 innovative and exemplary projects, come and discover how the local solutions of tomorrow are being invented.

CASE STUDY

15.00 > 15.30 | Innovation Room - Palais 5

KEYNOTE BY CHRISTIAN DE PORTZAMPARC

The city of the 21st century is going to be one of climate crisis, which is also a crisis of space.

We know that a decrease in urbanization will never meet the demographic increase.

We will not succeed in making a city habitable and sustainable with standards and figures.

We must make an urbanism of space.

How far apart to place two buildings, that is what the urban planner must know how to answer, depending on the place.

This question of spacing, a central spatial question for making a city, is immediately social. The architecture of space can make density happy. This question of density is physical. Space is the medium in which we live together.

Christian DE PORTZAMPARC

HEALTHCARE

15.45 > 16.45 | Workshop Room - Palais 3

WHAT'S HOT IN HEALTHCARE AND NURSING?

Discuss the latest hot trends, challenges and opportunities for healthcare and nursing – two sectors that have had to show great resilience, adaptability and innovation.

A new fresh approach to our asset class sessions this year. There will be a special emphasis on networking face-to-face after such a long break from us being able to do so.

This session will be a mix of opening keynotes followed by roundtable discussions to encourage much more networking inspired by content of most interest to you.

Participants will be entering the room and choosing a table topic of their choice.

PARTNERS SESSION

11.00 > 13.30 | Verrière Grand Auditorium - Palais 1

PARTNER SESSION BY PROVENCE PROMOTION, CHOOSE PARIS REGION, GRENOBLE ALPES, TEAM CÔTE D'AZUR, HELLO LILLE
The future of workplaces in five French metro areas

We are entering a new era where it is vital to disrupt our working methods and our relationship with our office.

Discover 5 witnesses who have innovated, shaken and rethought workplaces in France and compare view points with experts from the sector and the French Association for Corporate Occupiers.

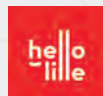

They will answer key questions and lead us into a future where; a head office can do without a physical headquarter, a metropolis can be link with flex offices and employees can work closer to their home, a highly technological R&D campus works in 3 continents, a company chooses to integrate home working into its physical development and where young talents and entrepreneurs are secure to a territory by being given the opportunity to mix co-living and co-working.

Our conference will be followed by a cocktail where you will be able to discuss with top directors from : ARM (Nice - Côtes d'Azur) - Newton Offices (Lille metro area) - Digital Photo Group (Grenoble Alpes) - The Babel Community (Aix-Marseille-Provence) - WeWork (Paris region).

SPECIAL EVENT

15.00 > 16.00 | MIPIM Lounge - Riviera 9

**MIPIM AWARDS 2021 CEREMONY
FOLLOWED BY CELEBRATION DRINKS**

Open to all

Media partners

For its 31st edition, the MIPIM Awards will once again recognise the most outstanding projects in the real estate industry.

The jury of high-profile experts and chaired by Méka Brunel, CEO of Gecina, has reviewed over 170 entries and shortlisted 50 finalists across the 12 competition categories.

Vote for your favourite projects until Tuesday 7 September at 19.00. Your vote, equally combined with the jury's vote, will determine the winner of each category who will be announced during the prestigious Awards Ceremony.

Joins us to celebrate the best of the industry!
