Getting beyond

- Real Estate is currently facing a challenged financing market, while still urgently having to fight against climate change and ensuring decent housing for all. But more structurally, the evolution of long-term drivers such as geopolitics, demographics, technology and end-users' expectations, are an extraordinary opportunity for key players to accelerate change towards a more diverse, sustainable, user-centric and profitable real estate.
- In this context, MIPIM will help the international community:
 - anticipate through prospective information and top decision makers' vision
 - collaborate through high-level networking and discussions
 - implement solutions to improve operational excellence

► 5 stages to get inspired, learn and meet the community

Leaders Perspective Stage

Imagine the future of Real Estate with star players from inside and outside the community: what our industry should, and will be? Geopolitics, AI and demographics forecasts will help answer

Make it happen Stage

Operational excellence is key to answer the current market issues. Discover practical solutions to do more with less through case studies and awards projects presentations

Geo Focus Stage

1 hour to gain insights into local markets : a keynote presentation to gather quantitative insight on the market, followed by a panel discussion.

Asset Class Stage

Workshops dedicated to main asset classes incl. infrastructure, to gain insights and new connections. 1-hour sessions will also be dedicated to Data centers and Life sciences

Road to Zero Stage

1-hour sessions to learn and implement solutions to decarbonate Real Estate, organized with partner associations recognized in the industry

► New this year

Housing Matters!

By MIPIM x Co-Liv

A dedicated summit on Monday afternoon to foster industry collaboration and find solutions to the current housing crisis. Coliving will be part of it as one of the solutions

The Infrastructure Workshop

A dedicated workshop on Tuesday morning to dig into the state of adjacent industries (energy, transport, waste management, water,...) and their impact on real estate

The Challengers' Workshop

A dedicated workshop on Tuesday afternoon for Young Leaders to discuss their expectations towards the Real Estate industry. This will be shared and challenged by the wider MIPIM community on Thursday afternoon
